

Grant Leibbrandt

An experienced businessman and an entrepreneur with 16 years' experience in managing his own businesses in the B-2-B services industry. His diverse skills come from being involved in all aspects of his companies as they grew and enable him to bring an entrepreneurial edge to any organization.

He has a Degree in Financial Accounting, a 3-year Marketing Diploma and is currently completing a Masters in Innovation at SMU whilst running his own consulting business.

He has been an Innovation Games™ practitioner since 2008 designed and run numerous interventions with companies, of all sizes.

People describe him as an innovative thinker and inspiring leader. He has successfully designed and implemented various products in his own businesses, continuing to push the envelope in finding creative ways to add value to the services offered to clients in an extremely competitive environment.

His strengths lie in his client-centric approach and out-of-the-box thinking and passion for enabling growth in businesses.
